Dear Parents,

## Vande Mataram

Date:-25/01/2019

We congratulate you on the occasion of country's 70<sup>th</sup> Republic Day. It fills us with pride and self respect that we are the citizen of the greatest democracy in the world. We believe in the concept of unity in diversity. No other country in the world has such diverse tradition. It is a country where people of contrasting religious belief, language and culture love in harmony and believe in the nationality of the country. Irrespective of all differences we feel that we all are Indians and should always stand for our country in difficult times. Today when our country is growing from strength in every field, although it is technology, health, infrastructure or sports, the world is recognising and respecting our views. We in the school has organised various cultural and sports activities to celebrate the day. Fluorescent School always promote the feeling of patriotism and nationalism among it's students. So that they may emerge as responsible citizen of tomorrow. We are confident that with the right guidance and teaching provided to the children in our school the children may emerge as winners and will help in building the nation from strength to strength.
