*With quality education at the core of his heart, Mr. Motiram Chopra, the Director of Oxford International Academy, believes that education is not mere preparation for life but is LIFE ITSELF. The blossoming of OIA from a tiny seedling to now a tree has been due to his dream to provide an inspiring, congenial, favorable school atmosphere to enable each child - 'to live, to love, to learn and to imbibe a legacy.....'*

## FROM THE DESK OF DIRECTOR

Each child is born with the potential to be a winner in life. Education must have the potential to bring out the best in each child; not only the best learner; but also the best assimilator, thinker, practitioner, and thus the best human beings.

"Education at Oxford International School is a complete process."

Our Core Aspiration is to provide an Educational Excellence, in that every student makes a positive difference during the time with us. In expecting Excellence we ensure that children enjoy school in a happy, safe and secure atmosphere designed to fulfill their potential. We also strive to provide a caring, supportive and challenging environment to the children, in which they can grow and flourish to the esteemed heights.

Children are the most precious asset for us. We expect all the children to do their role as best as they can and aspire to excel in diverse fields. Our endeavor is to give our students life-skills that will hold them in good stead in the real world outside. Our mission at OIA is to provide positive catalytic impulses to every CHILD to stretch their inherent learning competencies through a self-discovery process.

It's a pleasure to see our students develop into confident and happy young individuals with an opinion of their own. I strongly believe that true education should instill knowledge, creativity, Tradition and Culture among the children and I along with faculties work together to motivate the children to perform well in every walk of their journey towards noble citizens of tomorrow.

**(Shri. Moti Ram Chopra)**  
Director
