

Maharani Kishori Devi Girls' school, Bikaner
(Working under the aegis of Surajmal Memorial Education Society)

School Report -2022

Total Staff: 75

Principal –1, PGT-13, TGT- 29, PRT- 21, NTT-4, Lab Assistant -2, Office-staff -3, Receptionist -1, warden -1.

Teachers appointed in the month of July are:

TGT-Kanchan Vyas, Ramandeep Verma, Anamika Joshi

PRT: Dipti Surana, Pavneet Alhuwalia, Asha Pareek, Nikita Harsh

Matron: Neelam Chouhan has been appointed in September

Total strength of students as on date is :1776

Exam Report

Unit Test I commenced from 9th May for classes KG to 8 and 16th May for classes 9, 10 and 12

Board Result

Board Results of class X and XII was declared on 22nd July,2022 by CBSE. Children have put in their best efforts throughout the year to learn, understand and prepare themselves for future though there were so many limiting factors in these unprecedented situations. They have been able to perform well with full support of the teachers who tried their level best to help students not only in academics but also provided moral and mental support by making themselves available to every child as and whenever she needed them. A personal contact was maintained with every student.

CBSE conducted the exams in 2 Terms, Term I was entirely objective, which was a new experience for the students. Term I classes were completely online. Teachers prepared videos and PDFs to help the students, who due to any reason were not able to join online sessions. Motive was to reach every child with different situation, different IQ level and different home environment in whichever way possible and hold her hand. Term II Exam included subjective paper, and most of the students were regular in school, while others were still online.

I, as principal, thank each and every member of MKDGS family, students, parents and the Management for being so supportive, staying connected and giving helping hand to each other as and when required.

“**United we stand**” was the motto with which every stakeholder worked. As an outcome of all efforts put together I am happy to present here the Result of class X and XII Examination 2022, **with 100% PASS**.

Topper of the class X is: Seema Manjhu 98%

43 students scored 90% and above.

57 students scored between 80 to 89%

49 students scored between 70 to 79%

32 students scored between 60 to 69%

7 students scored between 50 to 59%

Maximum marks of all subjects are as follows:

Subject	English	Hindi	Maths	Science	Social .Science
Max. Marks	100	99	100	100	100
No. of students	1	2	1	2	2

From 20-04-2022 - ORIENTATION PROGRAMME FOR PARENTS AND STUDENTS:

Maharani Kishori Devi Girls' school organised an Orientation programme for parents of classes KG to VIII. Main focus was on the following:

Daily routine to be followed, Health and hygiene, Dairy, Portfolio, Saturday activities, Attendance, Healthy eating, Medical check-ups,

Bag according to time table, Experiential Learning, Exam Pattern etc.

Parents were given time to discuss their issues if any.

Forms were filled by willing parents for Parent Teacher Association

5.05.2022 Mind war organised quiz TOPIC: GEOGRAPHY OF INDIA

12.05.2022 -Sadh Guru started "save soil campaign among school children". Students were requested to write a letter to the Honourable Prime Minister in their own language pointing out the issue and providing solutions.

From 16-05-2022 to 26-05-2022 – SUMMER CAMP

The summer camp was conducted in the premises of Maharani Kishori Devi Girls' school for children to learn new skills in a safe and nurturing environment. The camp duration was of 10 days from 16th of May to 26th of May. During the camp students from **classes IV to VIII** were offered a plethora of activities which included art and craft, cooking, dance, yoga, sports, tricky math and calligraphy.

Summer camp plays a pivotal role in the overall growth and development of the students. They learn various values and etiquettes that help them in the near future. They also provide a break away from technology and gadgets.

The objective of the camp was to engage students in activities that they find both enjoyable and meaningful, to make their physique healthy and graceful through yoga and sports like athletics, volleyball and basketball. The camp gave them opportunity to learn and develop skills like Art and craft, dance, cooking, calligraphy and tricky math.

Around 90 students participated in variety of activities.

Yoga

Number of participants: 10 In Charges: Ms Yogita Saini, Ms Kirandeep Kaur, Ms Kanchan Singh, Ms Ridhika Mohil.

"Health is a state of complete harmony of the body, mind and spirit. When one is free from physical disabilities and mental distractions, the gates of the soul open." – B.K.S. Iyengar.

The more we shape our body, the more our mind gets shaped. In this regard, physical fitness is extremely beneficial. Keeping this concept of physical fitness in mind yoga and sports were included in the summer camp. Yoga is an ancient practise and meditation which has become increasingly popular in today's busy society it develops physical and mental health. Yoga means addition of energy, strength and beauty of body, mind and soul. Our school organised yoga session for the students for Ten days. The students were educated on the importance of yoga. They were explained that yoga helps in maintaining not only physical and mental health but also a healthy social life. The students were taught various Aasanas starting with warming up and

stretching followed by the series of Pranayam , Padmasana , Vajrasana and Surya Namaskaar.

Games:

Number of participants: 60

In Charges:

Volleyball: Ms Usha Shekhawat, Ms Nisha Kapoor, Ms Tulsi Chaudhary.

Athletics: Ms Anjali Purohit, Ms Nidhi Rajvanshi, Ms Shweta Sidana.

Basketball: Ms Yoyita Medatiya, Ms Shailee Gahlot, Ms Kusum Suthar.

All work and no play makes Jack a dull boy- we all have been familiar with this proverb. Aren't we? So don't you think just a proper playtime can help children stay fit and raw? From helping the child maintain good health to helping them to increase self-esteem and mental alertness, sports and games do it all. Games like Athletics, Volleyball and Basketball inculcate Skills like teamwork, leadership, patience, discipline, learning from failure, Sportsmanship etc. in child. They are developed only when children play sports regularly, and these skills are equally important when it comes to studies and management. Players in this camp, whether they were beginners or advanced, were trained in: speed, ball handling, defence, form, control, passing, angles, conditioning, footwork, explosiveness, and most importantly, overall court awareness and intelligence. The camp activities included rotational skills stations as well as strength and conditioning exercises. Students got the opportunity to try activities from sprinting, jumps, walks and stretching. This range of activities helped students to develop the fundamental movement skills of agility, balance and coordination. These skills also formed an ideal base for all others sporting activities.

Tricky Mathematics:

Number of participants: 27

In Charges: Ms Rajeshwari Singh, Ms Madhu Mathur, Ms Pragati, Ms Jhalak Agarwal, Ms Anu Ghogia.

A Tricky Math class had been a perfect way to Spark a passion for Math in students. The tricky Math class provided many opportunities for making Math a fun. Instead of sitting at a desk for hours at a time, they found easier ways to solve Math equations. One of the best things about this class was that it broadened students' horizons and encouraged their confidence. With the help of their smart Math teachers, students learnt many new tricks for addition, subtraction, multiplication and division, which transformed students' learning into a magical experience they will cherish forever. The fantastic team of teachers eliminated Mathematics phobia among students.

Calligraphy:

Number of participants: 33

In Charges: Ms Nandini Bhardwaj, Ms Kanchan Singh, Ms Jyoyi Sidana, Ms Jyoti Kadwasara.

Calligraphy is the art of decorative writing. Research has shown that apart from being a great art form, it helps children improve their focus, attention span and all the while their handwriting improves. This art has been in existence since 600 BC, back then it was used in everyday writing.

In our school summer camp, the calligraphy class taught the children the use of pointed and flat pens. They learnt the strokes that are used to compose the letters and enabled them to use their creativity to create their own style of letters. The class was for 1 hour a day where they were given practice grid sheets with example letters that could be used to reproduce the letters. They also learnt to practice words, sentences and add decorative elements into their work.

Dance:

Number of participants: 52

In Charges: Ms Aruna Jangir, Ms Gayatri Maru, Ms Jhalak Agarwal.

As we all know dance has no barriers it is something that everyone can feel, everyone can understand and definitely something everyone can enjoy. Dance is considered to be a form of communication, a universal language that can be expressed through movement, sound, rhythm, beat and most importantly, the freedom of self-expression. Around the world, dance has been a huge part of rituals, celebrations and human culture. Dance burns calories, strengthens muscles, improves balance, increases flexibility, and gives the heart a good workout. Dance has also been proven to increase cognitive development.

Dance teaches the importance of movement and fitness in a variety of ways through a variety of disciplines. As well, dancers learn to coordinate muscles to move through proper positions. Dancing is a great activity to pursue at almost any age provided you are in proper health to handle the rigors of dancing for life.

Cooking

Number of participants: 11

In Charges: Ms Leela Bhojak, Ms Vartika Goswami, Ms Shaan Siddiqui.

Our young chefs wore their caps and tied their aprons and got ready for ten fun-filled days of cooking, learning and laughter in our school kitchen. Yes!!! Many students learnt how to use professional techniques from our expert cooking instructors. On the other hand, daily cooking schedules at camp, included preparing different snacks, meals, international cuisines and desserts were prepared. The main goals of this class were to have fun, make new friends and acquire valuable kitchen experiences. Our students learnt how to follow procedures from Ms Leela Bhojak, they kept their ears open to hear the instructions of Miss Vartika Goswami and knew about the food nutrients and table manners from Ms Shaan Siddiqui. In their last 10 days' classes, students learnt to prepare variety of dishes like Apple and Coconut Chutney, Pizzas, Sandwiches, Mango and Kesar Lassi, Sweetcorn Chaat, Fruit Cream, Muffins, and Vegetable Cutlets.

The kitchen area remained one of the busiest places among all the other classes during summer camp. The aroma that used to come out of kitchen took attention of everyone in the school. Kudos to them.

Art and Craft

Number of participants: 19

In Charges: Ms Sunita Kapoor, Ms Asha Pareek, Ms Geeta Sharma, Ms Hijab.

In keeping with the theme of creativity Art and craft was included in the camp for students to develop their bilateral coordination, fine motor skills, promote their artistic efforts, improves visual processing skills and promote executive functioning. The importance of Art and craft spreads to academic excellence as well. Despite the common misconception, Arts and Crafts actually help children with their concentration, thinking skills, visual learning, and more, which has proven to increase IQ levels.

Our artistic mentors trained our young learners to act and think like designers and artists, to work intelligently and creatively. Everything can be made with machines but nothing compares to something made with hands and the heart. During last 10 days, students got to learn about how to use waste materials like glass bottles, tissue papers and newspapers to create a beautiful Frog.

Not only this, Dolls were decorated using colourful foam sheets, laces of different patterns and colours.

20.05.2022- Counselling Session for admission in class 11: It was held for the students of class 10 & their parents, soon after their Board Exams were over.

28.05.2022- In order to celebrate the rich culture heritage and mosaic of achievements of the world's oldest Civilization. The Heritage Quiz was organised for the age group of 13-18 years (Class VIII-XII) by Ministry of Culture along with Ministry of Petroleum and Natural Gas.

Many of our students have shown their online participation

30.05.2022 - Zee entertainment Enterprises Limited and Gov. India came together to give an opportunity to the young girls to turn their art passion into a success story through a competition " BORN TO SHINE". Students sent their paintings at shared mail.id

6th July-22 – 12th July-22: - Mind war quiz competition conducted by ZEE MINDWARS on

Topic - Human body

Participants- Classes 4th to 12th

Date- 6 to 12 July 2022

15th-July-22:- Knowledge and Awareness Mapping Platform (KAMP) have been taken up by Council of Scientific and Industrial Research (CSIR) and National Institute of Science Communication Policy Research (NIScPR), under the Department of Scientific and Industrial Research, Government of India to identify and capture scientific and technological temperament in students to make India a global leader in the field of science, technology and humanities.

* Activity- KAMP - NASTA (National Assessment of Scientific Temperament and Aptitude) – 2022.

*Participants- Classes V to XII (total participation 15 students)

* Last Date of participation - 15th July 2022

16th-JULY-22 :-

CLASS I:-

Social Science Activity- The sky and the earth

Students played the role of different celestial bodies and gave presentation by showing the movement of the Planets , the Sun , and the Moon.

English Activity- Dialogue Delivery – Students enacted and delivered their given dialogues from the English course book and their expressions and pronunciations were checked by the teachers.

CLASS II:

Social Science Activity- Understanding Family – Students were divided in groups to enact as family members. Children also spoke about different types of families and the relation the members of the family share with each other.

English- Find out where –For understanding prepositions students searched for hidden objects and the teacher taught them the correct preposition of the one's which were found.

CLASS III-

Collaborative Activity – Let's go Picnic- Students were taken out to observe the natural environment , recite poem on seasons .Each child spoke about rules that must be followed outside and had a fun time with their friends.

CLASS IV:-

Collaborative Learning- Understanding Weather

The activity begun with the recital of poems on 'weather' followed by use of mathematical and scientific approach for understanding the difference between maximum and minimum temperature on that day.

Physical Education- One-leg race –Students were divided into groups and one leg race was conducted in each group . The winners were appreciated and motivated to focus on physical training.

CLASS V:-

Maths- Fundamental Operations- Students were made to learn the tables with different mathematical tricks. They played games such as passing the ball to enjoy the learning process.

Art & Craft(with Tissue Paper)-Students made beautiful articles using tissue paper.They made decorative articles by making tissue rolls. Very innovative ideas came up.

Music- learning Melody- Patriotic group songs were sung by the students to understand rhythm.

CLASS VI :-

i. **Maths:** To find the highest common factor.

Students were asked to find the HCF by drawing circles and figures. They worked individually to prepare the article.

ii. **Art & Craft:** Making hair accessories

Students made beautiful scrunchies' and bands using cloth, needle and thread. They were asked to gift those to their mother or sisters(if any).

iii. **Music:** स्वर योग साधना

CLASS VII:-

i. **Science :** Making model of Windvane

Using waste material students of class vii made models of wind vane in groups. They used straws , papers, and disposable glasses to make it .

ii.Hindi : वाद विवाद प्रतियोगिता

मित्रता से बढ़कर कुछ भी शीतल नहीं , पर वाद विवाद प्रतियोगिता का आयोजन कक्षा आठवी द्वारा किया गया जिसमे उन्होंने अपने तर्क आत्मविश्वास के साथ सभी क समक्ष रखे।

CLASS VIII:-

i. Science- Making model of solar system

Using waste , the students of class 8th made working model of the solar system and gave presentation in the class in groups.

ii.Hindi - वाद विवाद प्रतियोगिता

परिश्रम से भाग्य बनता है- पर वाद विवाद प्रतियोगिता का आयोजन कक्षा आठवी द्वारा किया गया जिसमे उन्होंने अपने तर्क आत्मविश्वास के साथ सभी क समक्ष रखे।

CLASS IX:-

i. **Science:** Activity related to periodic table

Students of class 9th participated as a team to prepare a periodic table for their class. Team effort could be seen in the result.

ii. **Hindi** – परिचर्चा

मन के हारे हार है , मन के जीते जीत। पर परिचर्चा का आयोजन कक्षा आठवी द्वारा किया गया जिसमे उन्होंने अपने तर्क आत्मविश्वास के साथ सभी क समक्ष रखे।

26th July 2022- NASO – National Astronomy & Science has asked for participation from class 1 to 10th in a science and Aptitude Olympiad

Participants- 117

Last Date of participation - 26th July 2022

25th July-22: Shahidon ko Naman (Kargil Vijay Diwas)

The martyrs of the kargil war and our freedom fighters were remembered on the day of Kargil Vijay Diwas. Students made paintings and drawings showing respect to the heroes. These were displayed in the school.

26th -July-22- To create awareness about benefits of Yoga, CBSE has organized class wise Yoga activities

Participants- 6th to 12th

Last Date for submission - 26th July 2022

Total participation- 3 best has been chosen from each section of each class for further proceedings.

30th -July-22

CLASS I :-

SCIENCE- Food From plants-Students brought cereals and pulses and drew bird on a sheet using these food items . Teacher also taught them the benefits of eating a healthy diet.

Hindi - कविता वाचन

छात्रों द्वारा मौसम से सम्बंधित कविता का कक्षा में हाव भाव और लय के साथ कविता का वाचन किया गया।

CLASS II :-

SCIENCE- Different Types of Houses- Students brought the required material and made kachha house and a pukka house to understand the difference between the two.

Hindi - कविता वाचन

छात्रों द्वारा मौसम से सम्बंधित कविता का कक्षा में हाव भाव और लय के साथ कविता का वाचन किया गया।

CLASS III:-

Maths- Subtraction – Students were divided in groups of five each. From the flash card of 0-9 the students of the group formed different numbers by changing their positions.

Art- Paper Pasting Technique – Students made different designs using colorful sheets and scissor to cut and paste.

Music- Aerobics –On the beats of music students followed the instructions of the teachers to learn aerobics and adopt it as a fitness regime in their day to day life.

CLASS IV:

MATHS: Measuring perimeter of the given things

Teachers gave different objects to the children and asked them to measure the perimeter of those objects. She guided them to do the calculations.

Art- Paper Pasting Technique – Students made different designs using colorful sheets and scissor to cut and paste.

Music- Aerobics –On the beats of music students followed the instructions of the teachers to learn aerobics and adopt it as a fitness regime in their day to day life.

CLASS V:-

Social Science :- Transport and communication

Students worked individually and made different means of transport and communication using the required material such as sheets and cardboard and talked about their merits and demerits.

English: Telephonic conversations

Students framed dialogues on any theme to demonstrate telephonic conversation in English. Teachers observed the activity and corrected their errors.

CLASS VI:-

i. Social Science:- Cultural representation of any one state of India.

The students of class 6th represented the culture of any one state they chose using costumes , dishes and language.

ii. English- Spelling Game- The teacher conducted a game to make the students the spellings in a fun way.

CLASS VII:-

Collaborative Activity -Vegetation of India- The students worked in groups and prepared project file on the

topic . They selected any one state of their choice and collected data covering all the subjects and prepared a collaborative report.

CLASS VIII:-

Collaborative Activity : Wildlife of India-

The students worked in groups and prepared project file on the topic . They selected any one state of their choice and collected data covering all the subjects and prepared a collaborative report.

CLASS IX:-

Social Evils in India :Comparative Study

The students worked in groups and prepared project file on the topic . They selected any Social evil and collected data covering all the subjects and prepared a collaborative report.

CLASS VI-IX :- ‘God touch bad touch’ Awareness Programme

Representative from the Department Of Education , Mrs. Kanta Choudhary addressed the students of classes VI to IX and made them aware about difference between Good Touch and Bad Touch. Principal Ma’am Mrs. Pepino Grover also counselled the students about being conscious against any physical abuse.

3rd – August-22

Classes VI –IX-HOUSE MEETING

House Meeting of all the students of classes VI to IX was conducted to select the Incharges of the respective Houses. Both Captain and Vice Captain were chosen democratically.

6 August 2022 –

CLASS I:-

Collaborative Learning- Role Play

Students played role of different people they see in the school. They spoke about cleanliness and number of items required in school.

Physical Education- Lemon spoon race

CLASS II:-

Collaborative Learning- Learning addition with seeds

Students worked in pair and using seeds they were able to learn about singular and plural nouns , counting , seasonal fruits identification of the seed.

CLASS III:-

Social Science- Biodegradable and Non- Biodegradable waste compost pit making.

Using different signs teacher taught the students to differentiate between wet and dry waste and the importance of disposing waste judiciously.

Hindi- कहानी वाचन एवम प्रयोजना कार्य

"प्यासी मैना" कहानी का चित्रण प्रयोजना कार्य से किया गया व छात्राओं ने कहानी या करके कक्षा में सुनाई।

CLASS IV:-

Social Science- Indian States, Union Territories, and their capitals

Using map and colours students were asked to present Indian states union territories and their capitals

Hindi- व्याकरण (विराम चिह्न), प्रयोजना कार्य

छात्राओं ने थर्मोकोल एवं गत्ते से विराम चिन्ह बनाये और कक्षा में प्रस्तुत किये।

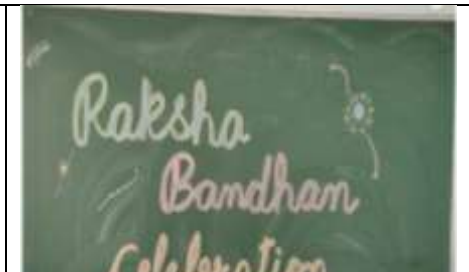

CLASS V:-

English- Poem Recitation

Poem Recitation was conducted in the class to check their pronunciation and vocabulary.

Science- Life Cycle of a butterfly- Using the required material, students showcased the life cycle of a butterfly.

10th -August-22- Raksha Bandhan Celebration - The event was celebrated with full enthusiasm and zeal. We believe that such celebrations of festivals with true spirit teach students about our Indian traditions.
