

Master of Science (Mathematics)

- **Previous:**
 - Advanced Abstract Algebra
 - Real Analysis & Technology
 - Differential Equations
 - Differential Geometry
 - Mechanics

- **Final Year**

- **Compulsory Papers :**
 - Analysis and Advanced Calculus
 - Viscous Fluid Dynamic
- **Optional Papers :**
 - Continuum Mechanics
 - Boundary Layer Theory
 - Mathematical Programming
 - Mathematical Theory of Statics
 - Combinatory and Graph Theory
 - Integral Transform and Integral Equations
 - Relativity and Cosmology
 - Industrial Mathematics
 - Magneto hydro Dynamics
 - Numerical Analysis
 - Computer Applications

Eligibility: B.Sc. Maths With 55%.

Duration: 2 Years
